

How to make a 3D Schiesser

① To trisection clay.

② Make the head.

(The male open mouth, the female closes the mouth.)

③ Make the body.

(Be careful to the sense of stability.)

④ Make parts.

(Eyes, nose, teeth, ears, feet, mane etc.)

⑤ Put feet on the body.

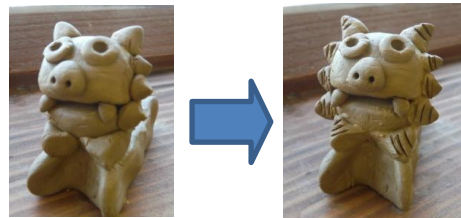

⑥ To make a face and put on the body.

☆ Scratch the adhesive surface and paint the *DOBE* with a brush.
(If you do not firmly stuck, it will come off after baking.)

☆ Put the pattern.

☆ Cracks will adapt with the water.

⑦ Completion

⑧ Let's put the work number to your favorite part.
Date and initials or name.
